

The most important period of life is not the age of the university studies, but the period from birth to the age of six.....at no other age has the child greater need of intelligent help, and any obstacle that impedes his creative work will lessen the chance he has of achieving perfection.”

Maria Montessori

OUR FUNDAMENTAL BELIEFS

ACADEMIC FOCUS IN A JOYFUL ENVIRONMENT

“Nothing Without Joy” - At Coppell Creek Montessori, we believe that academic focus is key to success in the preschool years and beyond. We provide a tried and tested academic curriculum coupled with a fun filled enrichment program that is second to none. We believe that our children deserve the best and we will provide them the same!

NON-COMPETTIVE ATMOSPHERE

No grades until the child has gained confidence in the use of the basic skills. “Never let a child risk failure, until he has a reasonable chance of success.” Each child matures at a different rate. Therefore materials should be at hand whenever a child is ready. Everyone learns at their own pace! Learning should be joyful and natural.

MIXED AGE GROUPS

In the traditional Montessori classroom the children range in age from ~3 to ~5 years old. This allows the younger children to learn from the older children and it creates an opportunity for the older children to become strong leaders and role models by assisting their younger classmates.

STRUCTURE AND GUIDANCE

While the children are allowed to choose the material and activity of their choice, the school provides a definite structure and a daily routine with the teachers acting as guides and mentors to ensure the children are on task. This is essential for children when they graduate to the elementary school.

NO FORCED DISCIPLINE OR FORCED LEARNING

Self-discipline should be acquired through absorption in meaningful work not by forcing children to follow. When a child becomes interested in a particular activity, his behavior almost always matures. Being children driven, the child chooses the material or the activity with the teacher being the facilitator and mentor.

ABOUT OUR DIRECTOR / OWNER

Lata Nathani and her husband Shahzad Nathani are the Director and Owner of Coppell Creek Montessori. Mrs. Nathani has earned a Masters Degree in Early Childhood Education and is trained in the Montessori method. She has associated with schools for over seventeen years and has been a school owner / director for over eight years in the Dallas area. Mr. Nathani, also has a Masters Degree, and has been associated with education for over fourteen years. They have three children of their own and are dedicated to educating young children.

OUR STAFF

The Owners of Coppell Creek Montessori have high expectations and standards of excellence for the faculty and students. Each Montessori classroom has a trained / certified Montessori teacher. The school continuously holds staff training seminars to further educate our staff in early childhood education and the Montessori Method.

OUR AFTER SCHOOL PROGRAM

The After School Program at Coppell Creek Montessori is truly a fun experience for any child. Each day the children begin their afternoon with a nutritious snack. The afternoon is divided into periods of various activities. There is outdoor play, group games and fun arts and crafts activities as well as time to work individually with puzzles, blocks and legos. This is time for the children to interact with each other and develop social skills.

OUR LOCATION

Coppell Creek Montessori is located on East Natches Trace, off Denton Tap close to 121 in the City of Coppell. The school is directly opposite the Denton Creek Elementary School, adjacent to Champions School of Real Estate.
